52.000-4023 PREAWARD DATA (FEB 1999)

The Government reserves the right, prior to making an award, to conduct a preaward survey of the prospective contractors in order to determine that the contractors can meet the minimum standards for responsible contractors as

defined in Federal Acquisition Regulation (FAR) 9.106. The preaward survey may include, but will not necessarily be limited to, the following factors:

- (1) Financial resources such as sufficient working capital to permit performance under the contract for a period of sixty (60) days after the effective date of the contract before reimbursement by the Government;
- (2) Ability to comply with required schedules;
- (3) Past record of integrity;
- (4) Past record of performance; and
- (5) Ability to meet other qualifications and eligibility requirements to receive an award of a contract.
- (6) An on-site inspection may be conducted of the facility of the apparent successful bidder (s) offeror(s) prior to contract award for specifications compliance.

A preaward survey may be conducted in order to determine contractor responsibility. Please provide three (3) performance references and one (1) financial reference in the spaces provided below. The performance references can consist of companies for which you have recently performed work. References must be of comparable magnitude and similar in nature to the work required under this solicitation. The financial reference should be your financial institution.

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Award will be made based on the lowest priced responsive bid from a responsible bidder on the total aggregate amount of CLINs 0001 through 4004.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of clause)

52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS (JUL 2002)

52.212-4 CONTRACT TERMS AND CONDITIONS-- COMMERCIAL ITEMS (FEB 2002)

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement or any excusable delay, setting for the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice. The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized,) to the address designated in the contract to receive invoices. An invoice must include--

- (1) Name and address of the Contractor;
- (2) Invoice date;
- (3) Contract number, contract line item number and, if applicable, the order number;
- (4) Description, quantity, unit of measure, unit price and extended price of the items delivered;
- (5) Shipping number and date of shipment including the bill of lading number and weight of shipment if shipped on Government bill of lading;
- (6) Terms of any prompt payment discount offered;
- (7) Name and address of official to whom payment is to be sent; and
- (8) Name, title, and phone number of person to be notified in event of defective invoice.

Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment. Contractors are encouraged to assign an identification number to each invoice.

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125, Prompt Payment. If the Government makes payment by Electronic Funds Transfer (EFT), see 52.212-5(b) for the appropriate EFT clause. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

- (1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or
- (2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 327, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order: (1) the schedule of supplies/services; (2) the Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause; (3) the clause at 52.212-5; (4) addenda to this solicitation or contract, including any license agreements for computer software; (5) solicitation provisions if this is a solicitation; (6) other paragraphs of this clause; (7) the Standard Form 1449; (8) other documents, exhibits, and attachments; and (9) the specification.

(End of clause)

(a) The Contractor shall comply with the following FAR clauses, which are incorporated in this contract by reference, to implement provisions of law or executive orders applicable to acquisitions of commercial items:

(5) 52.222-41, Service Contract Act of 1965, As Amended (41 U.S.C. 351, et seq.).

(End of clause)

52.216-1 TYPE OF CONTRACT (APR 1984)

The Government contemplates award of a Firm Fixed Price type contract resulting from this solicitation. Items 0002, 0003, 1002, 1003, 2002, 2003, 3002, 3003, 4002, and 4003 have Not To Exceed ceiling or Estimated Amounts for unscheduled repairs. The COR is to be notified by the Contractor when reaching 75% of these ceiling or estimated amounts.

(End of clause)

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor any time prior to contract expiration.

(End of clause)

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days prior to contract expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 66 months.

(End of clause)

52.232-19 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond the base performance period. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond the base performance period, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

52.233-2 SERVICE OF PROTEST (AUG 1996)

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the General Accounting Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from Mrs. Linn Owen, Fort Bragg Directorate, ATTN: SFCA-SR-BR, Building 1-1333 Armistead & Macomb St, Fort Bragg, NC 28310-5000.

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

(End of provision)

52.237-1 SITE VISIT (APR 1984)

(a) Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

(End of clause)

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. ADP I positions include but are not limited to the following: systems administrators, network managers, individuals with server administrative/root password privileges, telephone switch technicians, information assurance systems managers or employees who have access to buildings containing information technology equipment that might be unoccupied for short or extended periods of time.

ADP II positions include but are not limited to the following: server power users, server back up operators, console operators, assistant telephone switch technicians, assistant information assurance systems managers, assistant network managers and network or server repair technicians.

ADP III positions include but are not limited to the following: any individual with access to a Government computer or a Government computer network not in an ADP I or ADP II position.

1.3 PHYSICAL SECURITY. The Contractor shall be responsible for safeguarding all Government property provided for contractor use. At the close of each work period, government facilities, equipment and materials shall be secured.

1.4 QUALITY CONTROL. The Contractor shall establish and maintain a complete Quality Control Plan to ensure the requirements of the contract are provided as specified. One copy of the contractor's Quality Control Plan shall be provided to the Contracting Officer not later than the post award conference for review and approval. An updated copy must be provided to the Contracting Officer as changes occur. The contractor shall designate their quality control person in writing to the Contracting Officer and the COR at the post award conference.

1.4.1 The quality control plan shall, at a minimum, show the method for identifying and preventing defects and recurring deficiencies, as well as on site records of all inspections conducted by the contractor and corrective actions taken. This documentation shall be made available to the government at any time during the term of the contract.

1.5 QUALITY ASSURANCE.

1.5.1 The Government will evaluate the contractor's performance under this contract. All surveillance observations will be recorded by the government. A Contract Discrepancy Report (CDR) will be issued when an observation indicates defective performance. The contractor shall initial the CDR.

1.5.2 Performance Evaluation Meetings. The contract manager may be required to meet at least weekly with the Contracting Officer's Representative (COR) and the contracting officer during the first month of the contract. Meeting will be as often as necessary thereafter as determined by the contracting officer. However, if the contractor requests, a meeting will be held whenever a CDR is issued. The written minutes of these meetings shall be signed by the contract manager, contracting officer and COR. Should the contractor not concur with the minutes, the contractor shall so state any areas of nonconcurrence in writing to the contracting officer within seven days of receipt of the signed minutes.

1.6 HOURS OF OPERATION.

1.6.1. The Contractor shall accomplish maintenance, inspections, testing, repairs, and respond to all service calls and provide repair service during normal duty hours. (See Paragraph 5.) Normal customer service duty hours are 7:30 a.m. to 4:00 p.m.; Monday through Friday, excluding Federal holidays. The Contractor shall coordinate a time for the service with the security officer or his responsible representative for the system to be serviced.

1.6.2. Emergency Services: The Contractor shall respond to all service calls and provide repair service during non-duty hours (hours not identified as duty hours in paragraph 1.6.1) 24 hours a day, 7 days per week, upon receipt of oral or written notification from the COR of equipment failure or improper functioning of the system, with a two (2) hour response time.

1.7 CONSERVATION OF UTILITIES. The Contractor shall instruct employees in utilities conservation practices and be responsible for operating under conditions which preclude the waste of utilities as follows:

1.7.1 Lights shall be used only in areas where and when work is actually being performed.

1.7.2. Employees shall not adjust mechanical equipment controls for heating, ventilation and air conditioning systems.

1.7.3 If used, water faucets or valves shall be turned off after the required usage has been accomplished.

1.8 SAFETY REQUIREMENTS. The Contractor shall comply with OSHA and all pertinent provisions of the publication 29 CFR 1910 and EM 385-1-1 and all local, State and Federal safety laws, rules and regulations, including environmental. Any apparent conflict with the requirements of the contract and above shall be immediately brought to the attention of the Contracting Officer or his authorized representative for final resolution. The Contractor shall be liable for all fines, penalties, and costs which result from violations of, or failure to comply with, rules and regulations. All unsafe acts or conditions fostered by the Contractor or Contractor personnel may be grounds for the Contracting Officer or his authorized representative to halt any and all Contractor performance with a commensurate deduction of monies due the Contractor until such unsafe conditions are corrected.

1.8.1 Equipment Safety. Any equipment used in performance of this contract may be inspected by the COR at any time. If the equipment is at any time deemed unsafe or unserviceable by the COR, the Contractor shall remove equipment from the area immediately. The Government does not assume and hereby specifically disavows any duty to inspect the equipment in order to assure safe operation. The Contractor or subcontractor(s) at any tier are at all times responsible for assuring equipment is used in a safe, responsible manner. The Contractor shall in all cases ensure any equipment used in the performance of this contract is in a safe and serviceable condition.

1.8.2 Personnel Safety

The Contractor shall provide safety barriers or tape to show work area. The Contractor shall immediately correct all safety deficiencies upon findings or notification of the deficiencies by contractor personnel, the Contracting Officer/COR, and shall notify the Contracting Officer/COR of the corrective action to be taken. The Contractor shall not leave equipment unattended while in use or unsecured while at the work site.

1.8.3 Accident Protection and Emergency Medical Treatment All work crews, office personnel and the COR shall be provided with information pertaining to the Contractor's arrangement for emergency medical treatment. This information shall include the following:

2 DEFINITIONS

2.1 STANDARD DEFINITIONS.

2.1.1 Contracting Officer. A person duly appointed with the authority to enter into and administer contracts on behalf of the Government.

2.1.2 Contracting Officer Representative (COR). An individual designated by the contracting officer to act as his representative to assist in administering a contract. The source and authority for a COR is the Contracting Officer and limitations of a COR are contained in the written letter of designation.

2.1.3 Customer Complaint. A means of documenting certain kinds of contract service problems. A Government program that is explained to every organization that receives services under this contract which is used to evaluate a contractor's performance. In conjunction with the COR, the complaint may result in an issuance of a Contract Discrepancy Report requiring contractor correction and/or justification.

2.1.4 Government Property. All property owned by or leased to the Government or acquired by the Government under the terms of the contract. Government property includes both Government-furnished property and contractor acquired property as defined in FAR 45.101.

2.1.5 Quality Assurance. Those actions taken by the government to assure services meet the requirements of the Performance Work Statement (PWS) and all other service outputs.

2.1.6 Quality Control. Those actions taken by a contractor to control the performance of services so that they meet the requirements of the PWS.

2.1.7 Contract Discrepancy Report. A report of the Government's surveillance of failure to meet the contract specifications by the contractor.

2.2 TECHNICAL DEFINITIONS PECULIAR TO THIS PWS.

2.2.1 Equipment. Items utilized in the performance of work. All parts and components of the card access and CCTV system, (i.e. panels, readers, keypads, cameras, monitors, fiber, crash barrier gates, loop detectors, magnetic locks, etc).

2.2.2 Facility. Building or office - Real Property.

2.2.3 Job. Complete execution of the work as required by the plans specifications including the furnishing of all labor, materials, tools and equipment.

2.2.4 Preventive Maintenance. Any action taken to keep equipment and/or associated real property in a serviceable condition. Maintenance of equipment includes, but is not limited to, inspecting, testing, cleaning, and adjustments in accordance with manufacturer recommendations. The Government will reimburse the contractor's actual expense, without profit, for all repair parts and materials used during the performance of Preventive Maintenance of contract under CLIN 0004 and corresponding option years.

2.2.5 Repair. Restoration of an item to a condition substantially equivalent to its original or designed capacity and efficiency, so that the item may be continuously utilized for its intended purpose. This includes, but is not limited to, inspecting, cleaning, preserving, adjusting, replacing, welding, riveting, and strengthening. The Government shall use CLIN 0004 to reimburse the contractor's actual expense, without profit, for all repair parts and materials used to make repairs during the performance of contract under CLIN 0004 and corresponding option years.

2.2.6 Service Order. The Document which describes repair and maintenance for each specific job.

3. GOVERNMENT FURNISHED EQUIPMENT AND SERVICES.

3.1 Utilities. The Government will provide electricity and water in buildings listed at TE-2 necessary for the performance of this contract at no additional cost to the Contractor.

3.2 Emergency Medical Service. Medical services for Contractor personnel are the responsibility of the Contractor. However, on an emergency basis, the Government will provide medical services for job-related injuries while an employee is performing under this contract. Such emergency medical care will be limited to those services necessary to prevent undue suffering or loss of life and will be provided only during the period of the emergency. In such circumstances, action shall be taken by the Contractor to transfer employees of the Contractor to a health care provider as soon as the emergency period ends. The Contractor shall reimburse the Government for emergency medical services provided upon receipt of invoice from the medical facility. Medical facilities are located at Womack Army Medical Center, Fort Bragg, North Carolina.

3.3 Equipment Inventory. Prior to the contractor performing repairs and/or preventive maintenance on the equipment listed in Technical Exhibit 2, a joint inspection shall be conducted by the COR and the contractor to determine the condition of the equipment at each location. The COR will schedule all joint inventories with the contractor within 20 days after award of the award. All equipment shall be in standard operating condition in accordance with manufacturer recommendations prior to the contractor performing any repairs and/or preventive maintenance. The payment of the costs of repairs resulting from the joint inspections will be handled through credit cards and/or purchase orders as per the COR.

4. CONTRACTOR FURNISHED ITEMS AND SERVICES.

4.1 GENERAL. Except for those items or services specifically stated to be government furnished in Paragraph 3 GOVERNMENT FURNISHED EQUIPMENT AND SERVICES, the contractor shall furnish everything required to perform the requirement of this contract.

5. SPECIFIC TASKS:

5.1 PREVENTIVE MAINTENANCE. Contractor shall perform scheduled semi-annual maintenance by providing inspection, testing, cleaning and adjustments and if required repairing, consistent with operational requirements to ensure continuous operation and reliability in accordance with manufacturer recommendations and pertinent regulations. The semi-annual maintenance checks shall be performed in May and November of each year.

5.1.1 It shall immediately be called to the attention of the security officer in charge of the area and the COR, should any test reveal a weakness in the degree of security provided by the system; or should any evidence be found of

unauthorized items, taps, microphones, transducers, grids, foil, or other sensitive elements, or any signs of tampering with any part of the system; or if any equipment has been changed, and/or any equipment or sensitive element has been moved or removed.

5.1.2 The system that the repair is being performed on shall be completely operational prior to departing the site, unless the contractor obtains written or verbal approval from the COR to leave the system out of operation.

5.1.3 The Contractor shall submit a preventive maintenance schedule to the COR, 15 days prior to beginning each semi-annual scheduled maintenance. The schedule shall show the location of the system and the date of the scheduled maintenance. The first preventive maintenance schedule shall be submitted within 30 days after contract award.

5.2 UNSCHEDULED REPAIRS. The Contractor shall provide unscheduled repair service, under CLINs 0002 and 0003 and corresponding option years, as requested, 24 hours a day, 7 days a week. The contractor shall be on-site to begin repairs within 2 hours after receipt of oral or written notification of equipment failure or improper functioning of the system. All repairs and/or adjustments required to make the system completely operational shall be accomplished within 6 hours of the initial notification. If the contractor is unable to complete the repairs within the 6 hours, he shall contact the COR, explain the circumstances and obtain written or verbal approval of the COR to leave the system out of operation. Only the COR, those designated by the COR or the Contracting Officer, are authorized to contact the contractor for repair service. A list of designated individuals authorized to call for repair service will be provided to the contractor at the post award conference and shall be updated by the COR as changes occur. Every effort shall be made to restore the system to normal operation in the shortest possible time. After an initial inspection of the system has been made by the contractor's service technician, the security officer for the area, duty officer or other responsible person at the site of the system shall be notified by the service technician of the estimated time required to restore normal operation of the system. As soon as the system is restored to full operations status, the service technician shall notify the same person that the system is fully operational prior to departing the site.

5.2.1 The Contractor shall be responsible for the repair and/or replacement of any and all defective and/or unserviceable components and parts of any of the systems. Contractor shall notify the COR for approval prior to any repair of components which exceed 65% of the equipment cost. Parts, materials and components used for replacement shall be manufacturer recommended replacements. Items that are equal to or exceed the specifications recommended by the manufacturer and that are compatible with the system will be acceptable when approved by the COR prior to use. The Contractor is forewarned that there may be calls for repair service or resetting of systems due to user error or after the restoration of power lost during electrical storms or work performed on the electrical system. The contractor shall notify the COR by the next work day of damages that were caused by other than fair wear and tear. This does not relieve the contractor of his responsibility to bring the system back to operational condition.

5.2.2 Any major delays or potential problems incurred by the Contractor during the performance of this contract shall be immediately brought to the attention of the COR at the time of occurrence if during normal duty hours. After normal duty hours, on weekends or holidays, the Contractor shall notify the COR immediately on the next normal working day. Equipment shall not be down longer than 6 hours.

5.2.3 Immediately notify the COR of any equipment replaced, or removed for repairs during the term of this contract, to include serial numbers if applicable. If the contractor has to remove any government-owned equipment from the site to make necessary repairs, prior to doing so, he shall provide a written receipt fully identifying the equipment by make, model, and serial number to the using activity. A copy of the receipt shall also be provided to the COR. All equipment replaced under this contract shall be turned over to the using activity to be removed from their hand receipt inventory.

5.2.4 The contractor's service technician shall complete a repair service work order form after each repair call has been accomplished. The original of the repair service work order form shall be provided to the COR by the next workday.

5.2.5 Loaner equipment will be made available to the Government as needed to keep each system operational while repairs are completed (in excess of six hours as stated in Paragraph 5.2.2). Loaners will be at the Contractor's expense.

5.3 CLEANUP: The contractor shall remove all trash, debris, or surplus materials from the job site at the end of each workday and shall leave the job site clean of all debris when all work is completed. The Contractor shall maintain a clean and safe working environment at all times.

5.4 DAMAGES: This Contractor is liable for any and all damages or losses caused through fault or negligence of his agents and/or employees.

6. REPORTS AND FORMS: The Repair Service Work Order Form and the Preventive Maintenance Inspection Report Form may be the same form, provided the form furnishes all required information for each type of work and can be separately identified and separately numbered in sequence for each type of work. The Contractor shall provide the following reports:

6.1 Repair Service Work Order Form: The Contractor shall provide a Repair Service Work Order Form for use when responding to repair service calls. The form shall be of the Contractor's design and shall show at a minimum, time of arrival and departure at the job, site and printed name and signature of the Contractor's service technician. The repair work order service form shall include a list of all parts and components and the price for each part used in the repair of the system. The completed repair service work order form and original receipts for equipment (with actual cost) shall be submitted to the COR by the Contractor on or before the 10th of the following month. The Contractor's Repair Service Work Order Form shall be submitted within 10 days of contract award date or during the post award conference, whichever is sooner, for the COR's approval.

6.2 Preventive Maintenance Inspection Report Form: The Contractor shall provide the COR, a combined report of all preventive maintenance work performed during the semi-annual inspection, showing the date, time maintenance was started and completed, and location of the system where work was performed, to include Contract Line Item Number (CLIN), building number, any signs of tampering, and the findings of the systems' condition. Attach the original copy of the preventive maintenance inspection form to the report. The form shall also include the name and signature of the service technician or technicians performing the maintenance, date of service, time of arrival and time of departure. Have the security officer or his authorized representative sign the Contractor's form upon completion of the preventive maintenance service. This report is due to the COR within the first 5 work days of the month following the month in which the work is performed. Report Form shall be of the Contractor's design, and shall show all information necessary to insure that all parts, components, and equipment have been tested, inspected and when necessary, adjusted, repaired, or replaced. The Forms shall be numbered in sequence. This form shall include all other information as required by this contract for Repair Service Work. The form shall be submitted for approval to the COR prior to the contract start date.

7. APPLICABLE PUBLICATIONS AND FORMS: Publications and forms applicable to this Performance Work Statement are listed below.

7.1 Supply of Publications and Regulations. The contractor shall request government publications from the Contracting Officer, if necessary. Commercial publications necessary for the performance of this contract shall be provided by the Contractor at no expense to the Government.

7.1.2 Applicable Publications and Regulations.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$2.15 an hour or \$86.00 a week or \$372.67 a month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 8 years, and 4 weeks after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) **APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL:** An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) **WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordinance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance,

explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Title and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be

retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.
